- **Quality – 25%:** Material quality and rejection performance against agreed specifications.
- **Testing Compliance – 25%:** Compliance with testing requirements, specifications and timely submission of required reports/certificates.
- **Response – 20%:** Responsiveness, issue resolution, coordination and support during regular and urgent requirements.

Based on above parameter, please refer to the rating below for FY-2026-27 (Q1):

Parameter	Weightage	Result / Score
